## **FOH and PA System:**

The audio system and the lighting system must be supplied by the Organizer as indicated below.

The elements indicated below must be ascertained by the head of the audio system and by the head of the lighting system at least 10 days before the show, in order to verify the effective availability of all the required material.

For any clarification on the audio and lighting material required, please contact:

Please therefore send the complete technical data sheet of the resident service via email to the production manager and a copy to the technicians 10 days before the show.

Professional audio system required:

- Adequate to the structural characteristics of the venue, coverage and power proportionate to the size of the venue, capable of producing 104 db / spl for the whole concert area.
- We need line array PA system on LR, Sub on separate send, and matrix for front fill
- **Favorite brands: LAcoustic / D&B / Vue Audiotechnik / Martin / Eaw / Meyer**
- We need 1 audio assistant on stage, 1 FOH/PA man assistant, and 1 light designer.
- 2 x Sidefill, Full Range, minimum 3-way (Subwoofer + Tops)

## **F.O.H:**

Digital mixer required:

- Minimum 32 microphone channels, 16 stereo bus output

**Favorite brands and models: Midas ProSeries, Midas M32, Yamaha CL5, QL5.**

The mixer must be in the best possible listening position, in the center of the venue and at the correct distance from the stage

**Wedge Monitors:**

We need N°3 wedge monitors (possible Bi-Amp), N°1 Drum Fill only sub and 2 Side Fill Top and Sub.

- **Favorite brands: LAcoustic / D&B / Vue Audiotechnik / Martin / Eaw / Meyer**
